Urging people to vote seems a repetitive message, one everyone hears at election time.

But candidates all over the state report an indifference to the 1970 general election which implies a minority vote indeed could elect candidates in contested races.

Not just less than half, but according to no less than Governor Preston Smith, less than half of 35 percent could elect a U. S. senator or Texas governor.

Milam County has always voted a considerable percentage of its eligible vote, until present registration system enrolled about 10,000 eligible in the county and the percent age voting stayed somewhere between 5,000 and 6,000 in presidential election years.

Unless local contested elections bring them out, local voters tend to lose interest in off-presidential election years.

This is such a year.

Milam County will do well to vote perhaps 40 percent of its approximately 10,000 registered voters. So the Governor's concern about a minority vote is valid in Milam County.

We can do something about it. We can dump our apathy for a day and be counted where the count counts.

Otherwise about two-thirds of the electorate of Milam County will have no justification to gripe about the outcome, regardless of the winners. By omission, the non-voter forfeits his legitimate right to criticize a system he may sincerely hope will improve.

RALLY IN THE PARK - A good crowd is on hand for a pre-Georgetown game pep rally Friday at City Park. Joy was especially felt by younger boosters, who don't usually get to attend, and by everyone who had eyed the pouring rain earlier in the day.

Legion Post 9 Tells Veterans Day Plans

The American Legion Edwin Hardy Post No. 9 of Cameron is making plans for a November 11 breakfast for all veterans and their families to be held at Simon George Hall.

Other activities are being planned by members of the post, which is presently conducting a membership drive. Wayne Wieser, Post Commander, said that the drive has been a success, with at least 50 renewals and new members signing up.

The local Post has always kept its charter, but membership had fallen off with a resulting slowdown in activities, Wieser said.

Deadline Is Friday For Absentee Vote

A last-minute flurry of absentee voting is expected this week as the October 30 deadline nears. Only 52 absentee votes had been cast at the County Clerk's office by the end of last week.

Total voter registration in the county for the 1970 elections is 9,099.

Friday is the last day for persons who expect to be absent from the county on November 3 to cast a ballot. Mail applications are being taken from invalids and other voters who cannot leave their homes.

Persons who registered to vote in another county and moved to Milam County less than six months ago must cast their votes during the absentee period.

In addition to state, district, and local races, the Nov. 3 ballot will include seven proposed amendments to the Texas Constitution, several of which have raised controversy.

Campaigning has been heaviest in the races for Governor and United States Senator.

Milam County counted a record 6,408 vote in the 1968 general election, with over 300 voters casting absentee ballots.

No More Rounds For 'Smoky', Mailmen's Pal

City mail carriers last week mourned the loss of an old friend. "Smoky," the grey German Shepherd who was companion and protector of local mailmen for nine years, died after being struck by a car.

Smoky had become a tradition making his daily rounds with Barney McLerran, I. N. Hughes, John Schmidt and Neal Dodson.

"He was here by 6 a.m. every morning," Schmidt recalled, "very rarely missed a day. He started walking the Green Addition route, but when he got older he changed to City Route Four because it was the shortest."

Smoky belonged to Make McDermott, but seemed to look on the daily mail route as his work. Schmidt said he never picked fights with other dogs, unless the dog indicated it was going to attack the mail carrier.

"He liked to chase cats, but whenever a cat would stand him off he would turn and run himself," he added.

Schmidt said Smoky would come by the mail carriers' homes during off-duty hours and was usually treated to a snack.

"He is really missed -- he was a good companion," Schmidt said.

Water System Will Add Line

UF Drive Goes To Residents

Will Supply New Customers In South Milam

Plans are under way to expand the Milam Water System with the construction of another water line approximately seven miles long paralleling Highway 36 in south Milam County and extending into Chriesman to serve rural customers. Farmers Home Administration supervisor Henry N. Ivey reported this week.

The new line, which will run from the Corporation's well and water tower in Milam, will supply approximately 100 new customers who have signed as members of the water system.

The Corporation at present has 173 members on its lines that serve Milam and extend along Highway 36 north and into the Griffin Chapel area.

The Milam Water System has been in operation about five years, and has shown steady progress.

Ivey said that the engineer employed by the Corporation, Miles Locke, is now at work on a project involving the new water line.

When completed, it will be submitted to his FHA office in Cameron, and he will submit it to the State FHA office in Austin. Approval is expected due to the Milam Water System's excellent showing since it began operation.

Advertising for bids for construction of the new line will get under way as soon as approval is received.

Watson, Kubiak To Discuss Q&A

Rep. Dan Kubiak will appear for a question and answer session with three county farm organizations 8 p.m. Wednesday, Oct. 28, at the Milam District Courtroom, Cameron.

Subject of the session will be legislation scheduled for consideration before the 62nd Texas Legislature, convening in January, 1971.

The public is invited to the legislative information session jointly held by Milam Farm Bureau, Milam Farmers Union and Milam National Farmers Organization.

SW Milam Water Group To Meet

A meeting will be held Tuesday at 7:30 p.m. in the San Gabriel Baptist Church by directors of the Southwest Milam Water System to discuss plans for a proposed extension of the Corporation's lines into the San Gabriel area. FHA supervisor Henry N. Ivey has announced.

The S. W. Milam Water System, organized last spring, now has over 600 members signed as customers and will be the largest water system in the area when completed.

An extension of a line into the San Gabriel area was not included in the original plans for the system, Ivey said, but will be given serious consideration if a sufficient number of landowners sign applications for membership to receive the service.

AREA FOOTBALL ...

Yoemen Fall To Georgetown, 14-6

Friday night at Georgetown the Cameron Yoemen fell to the Georgetown Eagles 14-6. The two evenly matched teams battled to a 6-6 deadlock until late in the fourth quarter. Georgetown scored its winning touchdown with 1:54 left in the ball game.

Georgetown scored first on a 10 yard sprint by halfback Kenny Holcomb capping a 25 yard drive. The PAT attempt failed and the Eagles led 6-0.

Then early in the third quarter the Yoemen evened the score 6-6 when quarterback Richard Cummings hit end Carroll Michalka from 7 yards out.

Mark Dodson's extra point kick failed. Georgetown's final TD came on a 9 yard run by Holcomb. Halfback Ernest Miller added the extra two points giving Georgetown the 14-6 victory.

Randy Tumlinson recovered an Eagle fumble at the Georgetown 34 which set the stage for the Yoemen's lone score of the night.

Cummings sent Robert Brashear for 5 yards and Whitley for no gain. With a third down and five, Cummings turned and handed again to Whitley who in turn picked up a first down at the Georgetown 20.

Cummings then tried halfback Jimmy Bailey for a yard. Jerry Richardson with some determined running, forced the Eagles to be penalized for a personal foul.

The penalty moved the ball to the Eagle 7. There Cummings dropped back and hit Michalka for the touchdown. Mark Dodson's kick never made the cross-bars.

Heads up Defense by the Yoemen allowed them to stop six Eagle drives. The Yoemen recovered several fumbles with Brashear, Tumlinson, Sam Knight, and Johnny Bailey each getting one.

Brashear and Knight are also credited with an interception apiece. Other defensive standouts were Norman Trubee, Jerry Richardson, Joe Lewis, and Dale Schigut.

Georgetown is now 2-0 in District play while the Yoemen are 1-1.

Area Roundup Historic Home Cited

CALVERT

The Randolph-Field home in Calvert has been designated a Texas Historic Landmark by the Texas State Historical Survey Committee. The house was built in 1872 by George F. Randolph, Calvert merchant and a kinsman of U. S. President Thomas Jefferson. Randolph died and his widow married Scott Field who was a United States Congressman from 1867 to 1891. The house, built in Greek revival style, remained in the Randolph-Field family until 1941.

Army To The Rescue

MILANO

Milano waterlines were carrying water to area homes by the weekend after a separation in a joint of well casing had cut off the water supply Sunday and Monday. A rescue mission by personnel of the 418th Transportation Co. at Fort Hood began trucking water from Rockdale Monday night in four 5,000 gallon tank trucks, pumping it into the distribution system at a fire hydrant in front of Milano High School. The water line had broken at a point 280 ft. below ground. L. E. Love, president of the Milano Water Supply Corp., said the pump was also re-worked during the repair operation, some parts were replaced and the line was extended 50 ft. deeper to assure a constant water supply in the event the water table should drop.

Speakers' Wife Honored

Mrs. Gus (Donna) Mutscher, wife of the Texas House Speaker will be honored with a coffee in the Carriage House at the Surrey Inn, Caldwell, from 9:30 to 11:30 a.m. Tuesday, October 27. Mrs. Mutscher is the former Donna Azum, Miss America of 1964.

Dress Plant Expands

ROSEBUD

Foundation work has started on a 40 x 100 ft. addition to the Rosebud Dresses, Inc. costume and children's wear factory at Rosebud. The addition is the 4th expansion since the business was started in an unused bedroom by the company founder and president, Ellen Malcik. The addition will join the 100 x 100 plant built in 1968.

United Fund Nears Goal

ROCKDALE

South Milam County's United Fund campaign is about 70 percent complete with only \$6,000 needed to meet their goal of \$20,360. An incomplete report from Alcoa gave almost \$8,000 to the South Milam United Fund, IGC personnel pledged \$1,491 and Rockdale school personnel pledged \$1,074.

BIG ELM GOES OUT - Torrential rains Thursday on the Elm Creek watershed sent the normally small creek out of its banks. This shows the flood racing under the railroad bridge along Highway 77. No loss of livestock was reported although the flood was classed as a major one by farmers in the affected area.

Housing Starts Encouraging

Congratulations are in order to Farm Home Administration efforts in Milam County for increasing housing in the county and to businessman Bill McIntosh for starting a new apartment development here.

When \$415,960 in housing is put into a county, it is enabling a turn around of emigration from a county that has been losing population, like all Texas rural counties, for 40 years.

Mr. McIntosh's forging ahead with an apartment complex at this time shows confidence in Cameron's future and answers a critical need for rental housing.

These developments follow

contributions by other property owners who, in spite of costs, are helping meet this community need.

The past decade has been difficult for communities outside of metropolitan areas, but the 1970's should be the decade of the established small city, like Cameron, considering the major problems of city and suburb.

We are adjacent to the new Bell County metropolitan area and one county away from the Waco metro area, a location of growing advantage to Cameron.

Builders who "take the giant step" now encourage continuing the growth which Cameron needs and works toward

And More Quickly ...

The Herald, received a long letter from Edwin A. Bigbee of Cameron, this week, too long for publication in full, but its intent attacks apathy in community development.

Community apathy here is similar to the apathy of voters about political races this year--the public is preoccupied with inflation, high taxes, uncertain moods in several directions.

He points out that clean up of the community could be accomplished by existing laws, controlling the obvious eye sores of junk yards, weeds, old buildings. He urges city and county government to implement present ordinances to control and stop the various elements of disarray around the Cameron area.

His points are well taken. It is likely the slow pace of downtown urban renewal that tempers our community improvement pace. When the downtown area is, in fact, cleaned up and modernized, it should galvanize all the efforts Mr. Bigbee points out that need to be developed.

Patience runs thin at times awaiting improvement of what

so obviously needs to be cleaned up, torn down or beautified.

He notes use of a defense against concern for getting some things done right away, the fact that Cameron dates from 1846 and that old communities take their time about doing things Cameron has been about during most of the 1960's.

His letter is another encouragement to take a broad view, for instance, considering use of an industrial site adjacent to Cameron Airpark for a fair grounds, an exhibit hall and site for Cameron's Folk Fete.

He urges, as we have urged, action on all fronts, particularly in implementing existing means to clean up Cameron.

We urge support for additional funding for the Cameron Industrial Foundation, support of United Fund and support for City and County action on measures which they are empowered to do.

If citizens take Mr. Bigbee's active interest in community affairs, these things will occur. And more quickly.

Letters to the Editor

TO WHOM IT MAY CONCERN:

As Cameron moves to make the initial engagement with some of its environmental shortcomings (DOWNTOWN URBAN RENEWAL), we should keep two basic points in mind lest we be overwhelmed by the seemingly infinite commitment involved. The first is that during the next 10 years, economic growth will make available the money to do what needs to be done. Secondly, the whole undertaking will, and must, broadly benefit the entire population, not just a selected few.

Urban sections of our County, particularly Cameron, where approximately 37 per cent of the entire population spend most of our lives is still being messed up faster than they are being straightened out. As a result many of the basically sound inner-city neighborhoods face a highly uncertain future. New commercial squalor continues to sprout wildly, such as wrecking yards, new and used automobile rows, other commercial shacks along our main arterial highways (Hwy's 77, 36 and 190), and this is what Cameron presents to the public, either through their windshield or when they stop to eyeball us. With a more or less absence of effective planning, what can you expect?

The City of Cameron, through Council action already has most of the necessary ordinances to control and to accomplish any lawful purpose for the advancement of the interest, welfare, health, morals, comfort, safety and convenience of the city or its inhabitants; and may pass such ordinances as may be expedient for maintaining and promoting peace, welfare and government of the city.

Recently the city has adopted a comprehensive Zoning Ordinance, as well as the Southern Building Code. They also have the full right, power and authority to exercise the power of eminent domain. The city has the power and the right to define all nuisances and to prohibit the same within the city and outside of the city limits for a distance of 5,000 feet. None of these rights and power of the city are of any value, unless they are enforced.

As to the extra public funds required, the main need is not for higher tax rates but for a less painful way to distribute the burden. The problem is that the state of the public environment and the quality of public services depend to a dangerous degree upon the local property tax dollar-for-dollar the most annoying and inequitable of all taxes. Partly because of such skyrocketing property tax rates, voters have recently been rejecting almost half of the proposed bond issues put before them, even though most of the money is needed for schools and other programs considered essential.

If the county and city governments could also improve the efficiency of their operations, we might be able to finance most of the needed improvements out of the present fiscal dividend, without any increase in the overall tax effort. Provided we take advantage of and accept assistance of State and U. S. Governmental programs which are available. You are going to pay your share of these programs, whether you accept them or not.

WHY NOT? ... enforce all the city ordinances, what were they written for; enforce all sanitary laws. WHY NOT? ... transform our public owned library block and park into an "OASIS"; WHY NOT do a creditable and professional job of landscape gardening on the Court House lawn to produce effects that would not only be beautiful, but picturesque and advantageous.

WHY NOT? ... get enthusiastic about the proposed Urban Renewal Plan for downtown Cameron and push it to conclusion and reality... encourage the committee, they need your help. ... offer it.

WHY NOT? ... team plan transformations that would make our city into a great place to trade (not go out of town to spend the money you earn here), a wonderful place to raise your family and play in and have friends, not the fair weather kind, then you would not have to go out of town on weekends to escape the boredom.

WHY NOT? ? ? ? ? CAMERON!!

Sincerely yours,
Edwin A. Bigbee
Native Cameronite

UIL Lists 1971 Teams

The University Interscholastic League in Austin has released the 1971 tentative football list, again placing Cameron in District 20AA.

Other teams in the district include Westlake, Caldwell, Elgin, Georgetown, and Round Rock. Classification changes included Calvert, which moved from 21B to 24A following school consolidation.

Use Caution In Running Trotlines

Running a trotline is more dangerous than it looks.

Texas Parks and Wildlife Department's Water Safety Services reminds fishermen that 15 persons drowned last year while attempting to run trotlines, and in most cases carelessness was a factor in the tragedies.

In all but two of the drownings, the trotliners fell from boats while trying to manipulate the lines.

Shifting winds, waves and the inherent unsteadiness of some types of boats all make it a good idea to wear an approved life-saving device while running trotlines.

It's a good idea to avoid trotlining in bad weather, and it's also recommended to have a partner along to help control the boat when the lines are run.

And when you are through using the line, remove it from the water. Each year fatalities occur when innocent swimmers become hooked or entangled in abandoned trotlines.

CAMERON'S PARADE OF SPORTS

HERE IS MISSY, at left, honoring the other dog's point. There is nothing as beautiful as one dog honoring another's point, Missy belongs to Tommy Corley.

THIS BEAUTIFUL SETTER belongs to Bill Harris. A thrill and a pleasure to hunt over.

DON'T FORGET NOVEMBER 14 - There seems to be quite a few quail in the Cameron area this year, though some may be small due to late hatches in some localities. Parks & Wildlife Department officials say it's OK to take the dogs out for conditioning runs, but don't shoot the birds till the season opens. Good luck and good hunting to our quail hunting friends.

DELEGATES to the Governor's Conference on Youth Kathryn Kahler and Beth Brock for the three-day meeting that will open November 2 in Austin. The Yoe High Seniors will represent Milam County at the conference which is a preliminary to the White House Conference on Youth. Delegates will attend seminars on drugs, culture and ethics, law enforcement, ecology and foreign relations.

Unicef Gets Boost From Youth

"Trick or Treat" is a Halloween tradition almost as old as this nation, but in recent years Halloween has taken on a new meaning in Cameron, as well as in more than 13,000 other communities.

Since 1950, when one small group of Pennsylvania youngsters collected \$17 and turned it over to the United Nations Children's Fund, Trick or Treat for UNICEF has grown to tremendous proportions. Last fall 3 1/2 million children raised \$3 1/4 million in nickels, dimes and quarters for UNICEF.

In Cameron, UNICEF Trick or Treaters will be out on Oct. 29 4:30 to 7 p.m., under the sponsorship of Church Women United. Dressed in a variety of costumes, these ambassadors of international goodwill are planning to visit local homes in small, supervised groups. At the same time, many of their older brothers and sisters who have outgrown their costumes will take part in other activities -- Halloween dances, car washes, and the like.

The UNICEF Trick or Treaters will be identified by their official collection box: a small orange and black carton with the UNICEF symbol of the mother and child. "Only those carrying this particular carton are authorized to collect for UNICEF," said Mrs. Delbert Burdison of Church Women United. High school students interested in participating in the program this year should first have the approval of their parents and should then contact Mrs. Burdison.

The UNICEF Trick or Treat cartons will be distributed at 7:30 p.m. at the Methodist Fellowship Hall. After the collection, dinner will be served at the Methodist Fellowship Hall.

Should the Trick or Treaters not call at your home, you may send your UNICEF Halloween contribution direct to Mrs. Burdison or Mrs. Willie Porubsky. Halloween has been officially designated National UNICEF Day by Presidential Proclamation.

"The money the youngsters collect will be used by UNICEF to assist programs for the world's needy children in over 100 developing countries," said Mrs. Burdison. "The task is enormous, and our help is needed to bring life-saving food and medicine, and an opportunity for education, to millions of deprived children."

"Your help to a child, through UNICEF, may mean the difference between a hopeless future and a chance to live and grow to be a useful citizen."

Local Czech Dancers Perform At Fair

The Czech Beseda Dancers from Cameron were among 200 dancers who performed at the Dallas State Fair Sunday, October 18 in the Coliseum.

Groups from Temple, Ennis, and north Texas communities took part in the dancing during the annual Czech Day at the Fair. After the performance all enjoyed a day at the Fair.

The U.S. is currently producing less than 1 percent of the world production of 3.68 million metric tons. About 60 percent comes from the Soviet Union.

Musical Program For Delphians

The Cameron Delphian Club met at the home of Mrs. Gordon Baskin Tuesday afternoon for a program of organ and piano music. Hostesses for the meeting were Mrs. J. E. Burkes, Mrs. Howard Baskin and Miss Mary Belle Batte.

Mrs. Gordon Baskin and Mrs. Bassel Wilson presented the musical program, a medley of classical, semi-classical and modern music played on piano and organ.

Following the program Don Humble, Cameron attorney, spoke briefly to Delphian Club members in opposition to the Liquor - by - the Drink Issue. Amendment 2, to be voted on in the November 2 General Election.

Guests for the meeting and program were Mrs. Jack Brooks of Beaumont and Mrs. A. H. Baskin.

THOMAS HEWITT

Texas A&M University Cadet Thomas E. Hewitt, son of Mr. and Mrs. Clarence B. Hewitt of Bryan, has been selected as a junior member of the Ross Volunteers, an elite honor military unit in the Corps of Cadets. Cadet Hewitt is the grandson of the late Mr. and Mrs. Tracy Hobson of Cameron, and the nephew of Mr. and Mrs. Tes C. Lewis, who live in the Marlow Community.

BOY SCOUT TROOP 791 displays some of the money earned from a successful candy sale, which will be used to buy camping equipment. From left, Aaron Miller, Craig Harper, Richard Raymond, Bryan Wilkerson, and Robert Miller. Bottom row, Richard

Trubee, Jim McCullin, Gary Heitman. Troop members not pictured are Kelly Coleman and George Robertson. Ernest Moore is Scoutmaster of the troop sponsored by Methodist Men's Bible Class.

Amendment Is Program For BP Club

The Business and Professional Women's Club met at the clubhouse, Milam and 4th on Monday night. Mrs. Sam Houston, president, conducted a short business session.

Tip of Our PIONEER Cap to Nelson Davis

Nelson Davis

Nelson Davis produced 3,100 pounds of grain sorghum per acre this past year from 500 acres of Pioneer brand hybrid 848.

Mr. Davis farms 600 acres near Sharp. His 848 crop had "too much rain early, not enough late."

Naturally, we're proud that Nelson Davis plants Pioneer brand hybrids year after year. We congratulate him and wish him continued success.

PIONEER.

TJC Plans 4 Major Projects

By Mrs. Gerald Foshee

Mr. and Mrs. Roy Lee Franklin of Bryan and Mr. and Mrs. George Pool and James of Waco visited Mrs. J. T. Prescott and Jake last Tuesday.

Mr. and Mrs. David Krause and Darren of Victoria and Mr. and Mrs. John Martin of Ennis visited Mr. and Mrs. Phil Krause last weekend.

Mike Martin, son of Mr. and Mrs. John Martin of Ennis, who recently returned from Vietnam visited Mr. and Mrs. Phil Krause two weeks ago.

Mrs. Ella Wendel of Westhoff spent several days last week with her sister, Mrs. A. E. Hensel.

Henry, Wesley and Arthur Davenport and Gerald Foshee spent last Wednesday at their dear lease on the August Schmidt ranch near Johnson City.

Mr. and Mrs. Will Stoenner and Mr. and Mrs. Frank Jahn attended the Tri-City Gem and Mineral Display Show at Temple on Saturday Oct. 17.

Mrs. Emil Heugatter of Rosebud entertained the 42 club Tuesday afternoon.

Foy Benesh of Houston visited his mother, Mrs. Hattie Benesh on Sunday and she returned home with him to spend several weeks.

The Leonard Dillenburghs, Lisa and Lori of Houston visited her sister, Mr. and Mrs. Phil Krause and attended the Rosebud Homecoming activities at Spring Lake Saturday night.

The Henry Davenports and the Arthur Davenports of Cameron visited the Carlton Parkers of Hewett on Sunday.

The Joe Ralstons and Bobby and the H. G. Taylors of Little River visited the Gerald Fosheas Sunday evening on their way home from spending the weekend at Houston.

Mr. and Mrs. Billy Wayne Marek and Stephanie of Plano spent the weekend with Mrs. Aleta Marek and other relatives and attended the homecoming activities Saturday night.

Harvey S. Firestone, Jr., National Chairman of USO, announced today that Jack Small of Cameron has been elected to the USO National Council for a two-year term ending September 30, 1972.

"More than any time since World War II, USO services are needed today by the members of our Armed Forces and are being sought increasingly by military and civic leaders, both in this country and overseas," he said.

Firestone said that Small joins other USO National Council members from all over the world who represent a powerful source of leadership that enables USO to translate its goals on a local level on behalf of the folks back home who remember their sons and daughters who are serving in the Armed Forces.

TEMPLE -- Four major projects on the drawing boards will make major transformations on the Temple Junior College campus in the months ahead.

1. Voters gave their approval this week to a \$1,250,000 bond issue which will finance two new classroom buildings and modernize two others.

2. The Board of Regents has ordered a go-ahead on two new dormitories to be open by the fall semester of 1971.

3. Working with the City of Temple and the college, the Texas Highway Department plans to make important traffic control changes on Highway 190-36, which bisects the 100-acre campus, and to build a pedestrian overpass.

4. A grade separation for the intersection of Loop 363 and Fifth Street, at the southwest corner of the campus, is planned to facilitate traffic movement in that area.

San Gabriel

By Mrs. Ralph Heisch

There will be a very important water information meeting at the San Gabriel Baptist Church Tuesday October 27 at 7:30 p.m. Mr. Henry Ivey FHA agent will be present, and you are urged to attend this meeting.

Weekend guest of Rev. and Mrs. Bob Wimberly and children was Mrs. Wimberly's father, Mr. Gerge Shine of Houston.

Sunday visitors of Mr. and Mrs. James Terry were Mr. and Mrs. James A. Smith and Dyanna of Killeen and Mr. and Mrs. David Terry and family of Houston.

Rev. and Mrs. Bob Wimberly and David were in San Antonio Friday on business.

Mr. and Mrs. Leslie Hodge Britt and Clay of Houston were visiting this weekend with her parents, Mr. and Mrs. Allen Conn.

Mrs. Nora Catchings has returned home after an extended stay with her granddaughter and husband, Mr. and Mrs. Scott Troutman of Luling. The Troutman's are the parents of a baby girl born Sept. 15 and weighed 9 lb. 11 oz. named Pamela

Joye. Recent visitors of Mr. and Mrs. R. M. Shavers were their daughter and husband, Mr. and Mrs. Erwin Mieske of Austin and Mrs. Marie Wilson of Cameron and her son Calvin Wilson, who is in the armed forces.

Mr. and Mrs. Paul Mitchell and Paul Alan of Hearne spent last weekend with her parents, Mr. and Mrs. Buck Garner.

Mr. and Mrs. Billie Clark and boys of Houston spent the weekend with their parents and grandparents, Mrs. Hazel Clark and Mr. Paul Graves of Sharp.

Mr. and Mrs. Hugh McMillan are visiting Mr. and Mrs. W. B. Raney of Pearland, this week, and are planning to do some fishing while down in that part of the country.

If the Washington Monument were laid lengthwise on the floor of the grand concourse of Union Station in Washington, D.C., it would lack 205 feet of spanning the great hall, the National Geographic says. The monument is 555 feet tall; the concourse is 760 feet long.

Democratic Chairman Outlines Vote

Votes cast Tuesday, Nov. 3 will do more for Milam County than just decide the local winners in the general election, according to Milam County Democratic Chairman C. R. Law.

"The votes cast on Tuesday, November 3 in the governor's race -- by law -- will decide how many votes each precinct will have at our next county convention," Law said, "and our county total will determine how many votes Milam County will cast at the state convention in June, 1972, when Texas elects national convention delegates."

"If we sit at home on Tuesday, we might find ourselves sitting on the sidelines in 1972," he added.

Law said a big voter turnout and "thus a great voice for Milam County" in the political activities of 1972 is being pushed by the State Democratic Executive Committee with its "Star of Texas" awards program.

The committee will present awards to the state's top counties -- those having the highest

percentage of Democratic votes in the governor's race compared to the total number of registered voters in each county.

There are ten different population brackets and Milam County is participating against counties of similar size, Law noted.

"Absentee voting ends Friday and I urge everyone who is going to be away on election day -- or those who are too ill to go to the polls in person -- to check with our County Clerk before then so their votes will not be lost," Law said.

You Don't Say ...

BRAVADO correctly if you are pronouncing it BRAH vuh doe. BRAVADO (bruh VAH doe) is correct and means, of course, a feat of bravery -- boastful defiance. BRAVADO is often used to cover up ignorance in many things -- including English! Copr. by Adria Allen.

New York World's Fair dinosaurs have been donated by Sinclair (Atlantic Richfield) to Dinosaurs Valley State Scenic Park at Glen Rose.

Public Sale To Auction State Autos

AUSTIN

Homer A. Foerster, Executive Director of the State Board of Control, announced today that a public auction sale of surplus State automobiles will be held in Dallas October 31. It will be the first auction of State surplus property outside Austin.

"We will offer 75 1967 and 1968 model Department of Public Safety cars for auction," Foerster said. "All have automatic transmissions and power brakes, and the 1968 cars are all factory air conditioned."

The sale will begin at 1 p.m. October 31, at the Big D Auto Auction Company, 8101 West Highway 80, Dallas.

He added that vehicles to be sold will be available for inspection at the sale site beginning at 8 a.m., October 31.

AF BAND IN CONCERT

The 539th Air Force Band, one of the U. S. Air Force's largest, will perform in concert at 7:30 p.m. Oct. 30 in Waco Hall on the Baylor University campus. The concert will be free of charge.

Run The Dogs, But Don't Shoot Birds

Bird hunters about this time of year are getting the itch to run their dogs in order to train them

for the upcoming quail season. Bob Cross, law enforcement coordinator for the Texas Parks and Wildlife Department, says dogs can be run any time of the year as long as no effort is made to shoot the quail.

Pen-reared quail, purchased

from licensed game breeders, may be used in training dogs, but these birds may not be shot. Once they are released the quail gain the same status of wild birds and cannot be shot during the closed season or retrapped at any time.

SINCE 1860

PETTY OFFICER HERRINGTON stands sonar watch at the Pickrel's helm during combined anti-submarine warfare exercises with the Brazilian Navy. (U.S. Navy Photo)

Herrington Cruises So. America For Navy

Sonar Technician (Submarine) Third Class Donald W. Herrington, 19, son of Mr. and Mrs. W. W. Herrington of Cameron, is presently circling South America aboard the submarine USS Pickrel during Unitas XI operations.

Unitas is a combined naval exercise involving the United States and the major maritime nations of South America. Participating navies conduct training in anti-submarine and anti-aircraft warfare in the Atlantic, Pacific and Caribbean.

Herrington has already visited major ports in Venezuela, Brazil and Argentina. During the remainder of the four month cruise, which began August 1 in San Juan, Puerto Rico, he will visit Peru, Ecuador and Colombia.

Herrington, who attended high school in Cameron, entered the Navy in 1968 and reported aboard the Pickrel, which is homeported in Charleston, S.C., in July, 1970.

As a sonar technician, Herrington is responsible for operating highly sophisticated sonar equipment and associated systems for the detection of enemy shipping.

After completing his 25,000 mile voyage, he will return to Charleston in mid-December.

Buckholts Girls Score Two Wins

Buckholts girls scored two wins Thursday night over Bartlett with a 46-40 score for the A-team and a 23-18 victory in the B-team game.

It marked two consecutive wins for the Buckholts A team and gave the B team a 1-1 record.

Becky Beckhusen topped scoring for the A-team with 28 points to her credit. Debra Janke was high scorer for Bartlett with 17 points.

Sharing scoring honors in the B-team game were Marsha Barbemeyer of Buckholts and Kitty Bunker of Bartlett with 12 points each.

More than two million hunting and fishing licenses are being shipped to local distributors this week for fiscal 1970-71, reports Parks and Wildlife Commission.

Continued from page 1.

Freshmen 20, 6' town 12

Yoe freshmen upped their season record to 5-1 Thursday night as they downed Georgetown 20-12 at Yoe Field.

The Yoe fish played an aerial game for the first half, scoring twice on passes tossed by John Barron.

Yoe took an early lead when Craig Friemel received a 13 yard touchdown pass from quarterback Barron. The extra point attempt failed and Yoe led 6-0.

Georgetown then came from behind to tie 6-6 with the team they defeated last year as eighth graders.

David Hollas put Yoe ahead to stay as he rambled 10 yards with another Barron pass. Barron also hit Hollas for the extra points and Yoe led 14-6 at the half.

Georgetown again came back and scored, moving within two points of the lead.

Hollas clinched the victory for Yoe when he ran 5 yards for a final touchdown.

The freshmen are undefeated in district play with a 2-0 record.

Georgetown 36, JV8

Stanley Rosemond broke 45 yards for Yoe junior varsity's lone touchdown Thursday night in a 36-8 loss to Georgetown.

Glenn Cummings passed to David Hornung for the extra points and that was it for the Yoe JV.

Georgetown scored on runs of 28, 7, 3, 27, and 15 yards.

The JV is now 1-1 in district competition.

A weekly public service feature from the Texas State Department of Health

Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

Pollution of the air is perhaps the most serious of all the dangers our advanced civilization has created.

We can purify our water before we drink it, and we can detect and remove contaminated foods. We can restore the polluted landscape. But we must breathe the air as it comes to us, polluted or not.

During the week of October 25-31, Texans - like Americans throughout the nation - will be observing the 1970 version of "Cleaner Air Week." The Texas State Department of Health's Air Pollution Control Division will be concentrating much of its attention on the formation of "Cleaner Air Week" committees across the state.

The objective of "Cleaner Air Week" is three-fold: to create better understanding of community, state and regional problems related to the protection of the nation's fresh air supply; to promote cooperative effort by everyone toward the solution of such problems; and to encourage individuals and groups to play major roles in coordinated control efforts, particularly at the community level.

During the special week, Texas will be focusing on the problem of pollution. Air pollution causes, its consequences and cures will be brought before the public.

Air pollution has been traced as a definite contributor to such health problems as emphysema, bronchitis, lung cancer, colds, pneumonia and bronchial asthma.

The economic loss from air pollution has been estimated at more than \$60 per year for each man, woman and child. Crop damage, corrosion, cleaning bills, wasted fuel, accidents from reduced visibility - these known effects keep mounting.

Air pollution is a "mix" - compounded from exhausts of millions of automobiles, emissions from power plants and industries, effluent from incinerators and heating plants, smoke from backyard trash fires and municipal rubbish dumps.

To meet our challenge in this state, the Clean Air Act of Texas was passed by the Legislature in 1965. A Texas Air Control Board was created the following year. The State Health Department, in carrying out the Board's air control program, has the authority to file law suits and seek injunctions against offenders of its regulations.

Obituaries

L. C. Boyd G. Lyles

L. C. Boyd, 82, of Cameron died at 11:05 p.m. Tuesday in a Rosebud hospital after a long illness.

Mr. Boyd was born December 11, 1887 in Milam County. He was a retired rancher and farmer.

Funeral service was held at 2 p.m. Friday in the chapel of Marek - Burns - Laywell Funeral Home, the Rev. J. E. Laferty and the Rev. Eugene Marley officiating. Burial was in Walker's Creek Cemetery.

Surviving are his wife, Mrs. Mary Boyd; a daughter, Mrs. C. O. Angell of Cameron; a sister, Mrs. Elwood Chamberlain of Cameron; three grandchildren and seven great grandchildren. Pallbearers were Clifford Angell, Narvie Caperton, Kenneth Thweatt, Valter White, Carl Black, Albert Noak, Jim Camp, and Troy Mode.

Honorary pallbearers were A. L. Freeman, Moline Borden, Luther Parks, Hillard Thomas, Lester Williams, John Henderson Sr., Pat Delahanty, Aubrey Elgtower, Ollie Mode, Charlie Wooster, Vince Leskar, Vaughn Thweatt, H. H. Chamberlain, Dr. H. B. Halbert, Lee Ray McAtee, and the board of directors of the REA.

Gilbert Lyles, 71, of Route 3 Cameron died in a local nursing home at 2:30 p.m. Wednesday.

Mr. Lyles was born in Lee County March 16, 1899, and was a retired farmer.

Funeral service was held at 2 p.m. Saturday in the chapel of Marek - Burns - Laywell Funeral Home, the Rev. H. M. Bowley officiating. Burial was in Lexington Cemetery.

Surviving are two sons, Buddy Lyles of Houston and Leland Lyles of Temple; six daughters, Mrs. Myrtle Pitchford of Chillicothe, Mrs. Alice Mieth of Hearne, Mrs. Margaret Marshall of Houston, Mrs. Althea Pratt, Mrs. Louise Pevhouse, and Mrs. Twilight Shesler, all of Cameron; two brothers, Richard Lyles of Giddings, Oliver Lyles of Washington, D. C.; two sisters, Mrs. Dora Hooper of Giddings, Mrs. Ida Bolton of Houston; 38 grandchildren and seven great grandchildren.

Mrs. L. D. Houpt, 86, of Rosebud died Thursday morning in a Rosebud hospital after a long illness.

Mrs. Houpt was a native of Mississippi and had lived in Rosebud hospital after a long illness.

Mrs. Houpt was a native of Rosebud since 1901.

Funeral service was at 4 p.m. Friday at Hoelscher Funeral Home chapel in Rosebud, the Rev. Eugene Marley and Minister Charles Lindley officiating. Burial was in Woodland Cemetery in Rosebud.

She is survived by three sons, Winston Houpt of Houston, Ozler Houpt of Midland and Hilton Houpt of Rosebud; a daughter, Mrs. Earl Mostyn of Houston; six grandchildren and eleven great grandchildren.

Funeral service was at 4 p.m. Friday at Hoelscher Funeral Home chapel in Rosebud, the Rev. Eugene Marley and Minister Charles Lindley officiating. Burial was in Woodland Cemetery in Rosebud.

He is survived by a son, David M. Mabe of Kingsville; his mother, Mrs. L. E. Mabe of Baytown; three brothers, Edgar, Travis and Lonzo Mabe all of Baytown; five sisters, Mrs. Dallis Lagrone of Milano; Mrs. Lacy Evans, Mrs. Velma Jackson and Miss Hortus Mabe, all of Baytown, and Mrs. Pauline Varina of Houston; four grandchildren and one great grandchild.

Urging people to vote seems a repetitive message, one everyone hears at election time.

But candidates all over the state report an indifference to the 1970 general election which implies a minority vote indeed could elect candidates in contested races.

Not just less than half, but according to no less than Governor Preston Smith, less than half of 35 percent could elect a U. S. senator or Texas governor.

Milam County has always voted a considerable percentage of its eligible vote, until present registration system enrolled about 10,000 eligible in the county and the percent age voting stayed somewhere between 5,000 and 6,000 in presidential election years.

Unless local contested elections bring them out, local voters tend to lose interest in off-presidential election years.

This is such a year. Milam County will do well to vote perhaps 40 percent of its approximately 10,000 registered voters. So the Governor's concern about a minority vote is valid in Milam County.

We can do something about it. We can dump our apathy for a day and be counted where the count counts. . . . on the general ballot.

Otherwise about two-thirds of the electorate of Milam County will have no justification to gripe about the outcome, regardless of the winners. By omission, the non-voter forfeits his legitimate right to criticize a system he may sincerely hope will improve.

Legion Post 9 Tells Veterans Day Plans

The American Legion Edwin Hardy Post No. 9 of Cameron is making plans for a November 11 breakfast for all veterans and their families to be held at Simon George Hall.

Other activities are being planned by members of the post, which is presently conducting a membership drive. Wayne Wieser, Post Commander, said that the drive has been a success, with at least 50 renewals and new members signing up.

The local Post has always kept its charter, but membership had fallen off with a resulting slowdown in activities, Wieser said.

The Cameron Legion Post, chartered August 25, 1919, is one of the oldest in Texas. The first American Legion Post was chartered at Commerce July 1, 1919. There are 700 Posts now chartered in Texas.

Meetings are scheduled the second Tuesday of each month, at 7:30 p.m. in the Legion Hut at Wilson - Ledbetter Park.

Recently elected officers of the Cameron Post are Ralph Michalka, vice - commander; John A. Schmidt, adjutant; W. E. Obermiller, service officer; E. L. Kohutek, service officer; Ed Manning, finance officer; and Charlie Kunz, chaplain.

"Veterans joining the Legion are expressing concern over the present downgrading of the flag, and demonstrations that downgrade America," Wieser said, "and are concerned over communism."

Tickets for the breakfast, which will be prepared and served by Legion members, are available to veterans and their families from any member of the Post. The "come and go" meal will be served from 6 until 9 a.m.

Wieser said any veteran is eligible to join the Legion who served honorably in World War I, World War II, the Korean War, or in the present Vietnam conflict. Interested veterans may contact Wieser or other Post members.

Deadline Is Friday For Absentee Vote

A last-minute flurry of absentee voting is expected this week as the October 30 deadline nears. Only 52 absentee votes had been cast at the County Clerk's office by the end of last week.

Total voter registration in the county for the 1970 elections is 9,099.

Friday is the last day for persons who expect to be absent from the county on November 3 to cast a ballot. Mail applications are being taken from invalids and other voters who cannot leave their homes.

Persons who registered to vote in another county and moved to Milam County less than six months ago must cast their votes during the absentee period.

In addition to state, district, and local races, the Nov. 3 ballot will include seven proposed amendments to the Texas Constitution, several of which have raised controversy.

Campaigning has been heaviest in the races for Governor and United States Senator.

Milam County counted a record 6,408 vote in the 1968 general election, with over 300 voters casting absentee ballots.

No More Rounds For 'Smoky', Mailmen's Pal

City mail carriers last week mourned the loss of an old friend. "Smoky," the grey German Shepherd who was companion and protector of local mailmen for nine years, died after being struck by a car.

Smoky had become a tradition making his daily rounds with Barney McLerran, I. N. Hughes, John Schmidt and Neal Dodson.

"He was here by 6 a.m. every morning," Schmidt recalled, "very rarely missed a day. He started walking the Green Addition route, but when he got older he changed to City Route Four because it was the shortest."

Smoky belonged to Make McDermott, but seemed to look on the daily mail route as his work. Schmidt said he never picked fights with other dogs, unless the dog indicated it was going to attack the mail carrier.

"He liked to chase cats, but whenever a cat would stand him off he would turn and run himself," he added.

Schmidt said Smoky would come by the mail carriers' homes during off-duty hours and was usually treated to a snack.

"He is really missed -- he was a good companion," Schmidt said.

Water System Will Add Line

UF Drive Goes To Residents

The residential drive of the Cameron United Fund campaign will be conducted Monday afternoon, according to Delbert Burlison, residential campaign chairman.

Team captains for the residential drive are: Mrs. Marcelino Flores, Mrs. A. F. Matula, Mrs. Bobby Stanislaw, Mrs. Dean Trubee, Miss Madeline McClaren, Mrs. Myrtle Nichols, Mrs. Eugene Fuchs, Mrs. Cecil Anderson and Mrs. D. R. Dodson.

The Cameron United Fund goal is \$10,050.

The United Fund budget, set in August, includes: \$2,750 for Boy Scouts, \$1,950 for Girl Scouts, \$2,400 for Red Cross, \$2,100 for Salvation Army, \$500 for Little League, \$150 for USO, and \$200 for miscellaneous United Fund expenses.

Burlison said that anyone who is missed in the house-to-house campaign may contact one of the team captains or call him at 697-2564.

SW Milam Water Group To Meet

A meeting will be held Tuesday at 7:30 p.m. in the San Gabriel Baptist Church by directors of the Southwest Milam Water System to discuss plans for a proposed extension of the Corporation's lines into the San Gabriel area. FHA supervisor Henry N. Ivey has announced.

The S. W. Milam Water System, organized last spring, now has over 600 members signed as customers and will be the largest water system in the area when completed.

An extension of a line into the San Gabriel area was not included in the original plans for the system, Ivey said, but will be given serious consideration if a sufficient number of landowners sign applications for membership to receive the service.

Will Supply New Customers In South Milam

Plans are under way to expand the Milano Water System with the construction of another water line approximately seven miles long paralleling Highway 36 in south Milam County and extending into Christman to serve rural customers, Farmers Home Administration supervisor Henry N. Ivey reported this week.

The new line, which will run from the Corporation's well and water tower in Milano, will supply approximately 100 new customers who have signed as members of the water system.

The Corporation at present has 173 members on its lines that serve Milano and extend along Highway 36 north and into the Griffin Chapel area.

The Milano Water System has been in operation about five years, and has shown steady progress.

Ivey said that the engineer employed by the Corporation, Miles Locke, is now at work on a project report involving the new water line.

When completed, it will be submitted to his FHA office in Cameron, and he will submit it to the State FHA office in Austin. Approval is expected due to the Milano Water System's excellent showing since it began operation.

Advertising for bids for construction of the new line will get under way as soon as approval is received.

Watson, Kubiak To Discuss Q&A

Rep. Dan Kubiak will appear for a question and answer session with three county farm organizations 8 p.m. Wednesday, Oct. 28, at the Milam District Courtroom, Cameron.

Subject of the session will be legislation scheduled for consideration before the 62nd Texas Legislature, convening in January, 1971.

The public is invited to the legislative information session jointly held by Milam Farm Bureau, Milam Farmers Union and Milam National Farmers Organization.

AREA FOOTBALL ...

Yoemen Fall To Georgetown, 14-6

Friday night at Georgetown the Cameron Yoemen fell to the Georgetown Eagles 14-6. The two evenly matched teams battled to a 6-6 deadlock until late in the fourth quarter. Georgetown scored its winning touchdown with 1:54 left in the ball game.

Georgetown scored first on a 10 yard sprint by halfback Kenny Holcomb capping a 25 yard drive. The PAT attempt failed and the Eagles led 6-0.

Then early in the third quarter the Yoemen evened the score 6-6 when quarterback Richard Cummings hit end Carroll Michalka from 7 yards out.

Georgetown's extra point kick failed. Mark Dodson's extra point came on a 9 yard run by Holcomb. Halfback Ernest Miller added the extra two points giving Georgetown the 14-6 victory.

Randy Tumlinson recovered an Eagle fumble at the Georgetown 34 which set the stage for the Yoemen's lone score of the night.

Cummings sent Robert Brashear for 5 yards and Whitley for no gain. With a third down and five, Cummings turned and handed again to Whitley who in turn picked up a first down at the Georgetown 20.

Cummings then tried halfback Jimmy Bailey for a yard. Jerry Richardson with some determined running, forced the Eagles to be penalized for a personal foul.

The penalty moved the ball to the Eagle 7. There Cummings dropped back and hit Michalka for the touchdown. Mark Dodson's kick never made the cross-bars.

Heads up Defense by the Yoemen allowed them to stop six Eagle drives. The Yoemen recovered several fumbles with Brashear, Tumlinson, Sam Knight, and Johnny Bailey each getting one.

Brashear and Knight are also credited with an interception apiece. Other defensive standouts were Norman Trubee, Jerry Richardson, Joe Lewis, and Dale Schigut.

Georgetown is now 2-0 in District play while the Yoemen are 1-1.

The Rogers Eagles fell prey to the Leander Lions Friday night 14-3. The loss makes Rogers 3-4 and Leander 7-0 in District 28A.

Area Roundup

Historic Home Cited

CALVERT

The Randolph-Field home in Calvert has been designated a Texas Historic Landmark by the Texas State Historical Survey Committee. The house was built in 1872 by George F. Randolph, Calvert merchant and a kinsman of U. S. President Thomas Jefferson. Randolph died and his widow married Scott Field who was a United States Congressman from 1887 to 1891. The house, built in Greek revival style, remained in the Randolph-Field family until 1941.

Army To The Rescue

MILANO

Milano waterlines were carrying water to area homes by the weekend after a separation in a joint of well casing had cut off the water supply Sunday and Monday. A rescue mission by personnel of the 418th Transportation Co. at Fort Hood began trucking water from Rockdale Monday night in four 5,000 gallon tank trucks, pumping it into the distribution system at a fire hydrant in front of Milano High School. The water line had broken at a point 280 ft. below ground. L. E. Love, president of the Milano Water Supply Corp., said the pump was also re-worked during the repair operation, some parts were replaced and the line was extended 50 ft. deeper to assure a constant water supply in the event the water table should drop.

Speakers' Wife Honored

Mrs. Gus (Donna) Mutscher, wife of the Texas House Speaker will be honored with a coffee in the Carriage House at the Surrey Inn, Caldwell, from 9:30 to 11:30 a.m. Tuesday, October 27. Mrs. Mutscher is the former Donna Axum, Miss America of 1964.

Dress Plant Expands

ROSEBUD

Foundation work has started on a 40 x 100 ft. addition to the Rosebud Dresses, Inc. costume and children's wear factory at Rosebud. The addition is the 4th expansion since the business was started in an unused bedroom by the company founder and president, Ellen Malcik. The addition will join the 100 x 100 plant built in 1968.

United Fund Nears Goal

ROCKDALE

South Milam County's United Fund campaign is about 70 percent complete with only \$6,000 needed to meet their goal of \$20,360. An incomplete report from Alcoa gave almost \$8,000 to the South Milam United Fund, IGC personnel pledged \$1,401 and Rockdale school personnel pledged \$1,074.

BIG ELM GOES OUT - Torrential rains Thursday on the Elm Creek watershed sent the normally small creek out of its banks. This shows the flood racing under the railroad bridge along Highway 77. No loss of livestock was reported although the flood was classed as a major one by farmers in the affected area.

Letters to the Editor

TO WHOM IT MAY CONCERN:

As Cameron moves to make the initial engagement with some of its environmental shortcomings (DOWNTOWN URBAN RENEWAL), we should keep two basic points in mind lest we be overwhelmed by the seemingly infinite commitment involved. The first is that during the next 10 years, economic growth will make available the money to do what needs to be done. Secondly, the whole undertaking will... and must... broadly benefit the entire population, not just a selected few.

Urban sections of our County, particularly Cameron, where approximately 37 per cent of the entire population spend most of our lives is still being messed up faster than they are being straightened out. As a result many of the basically sound inner-city neighborhoods face a highly uncertain future. New commercial squalor continues to sprout wildly, such as wrecking yards, new and used automobile rows, other commercial shacks along our main arterial highways (Hwy's 77, 36 and 190), and this is what Cameron presents to the public, either through their windshield or when they stop to eyeball us. With a more or less absence of effective planning, what can you expect?

The City of Cameron, through Council action already has most of the necessary ordinances to control and to accomplish any lawful purpose for the advance-

ment of the interest, welfare, health, morals, comfort, safety and convenience of the city or its inhabitants; and may pass such ordinances as may be expedient for maintaining and promoting peace, welfare and government of the city.

Recently the city has adopted a comprehensive Zoning Ordinance, as well as the Southern Building Code. They also have the full right, power and authority to exercise the power of eminent domain. The city has the power and the right to define all nuisances and to prohibit the same within the city and outside of the city limits for a distance of 5,000 feet. None of these rights and power of the city are of any value, unless they are enforced.

As to the extra public funds required, the main need is not for higher tax rates but for a less painful way to distribute the burden. The problem is that the state of the public environment and the quality of public services depend to a dangerous degree upon the local property tax-dollar-for-dollar the most annoying and inequitable of all taxes. Partly because of such skyrocketing property - tax - rates, voters have recently been rejecting almost half of the proposed bond issues put before them, even though most of the money is needed for schools and other programs considered essential.

If the county and city governments could also improve the ef-

iciency of their operations, we might be able to finance most of the needed improvements out of the present fiscal dividend, without any increase in the overall tax effort. Provided we take advantage of and accept assistance of State and U. S. Governmental programs which are available. You are going to pay your share of these programs, whether you accept them or not.

WHY NOT? ...enforce all the city ordinances, what were they written for; enforce all sanitary laws. ...WHY NOT? ...transform our public owned library block and park into an "OASIS"; WHY NOT do a creditable and professional job of landscape gardening on the Court House lawn to produce effects that would not only be beautiful, but picturesque and advantageous. ...WHY NOT? ...get enthusiastic about the proposed Urban Renewal Plan for downtown Cameron and push it to conclusion and reality. ...encourage the committee, they need your help. ...offer it.

WHY NOT? ...team - plan transformations that would make our city into a great place to trade (not go out of town to spend the money you earn here), a wonderful place to raise your family and play in and have friends, not the fair weather kind, then you would not have to go out of town on weekends to escape the boredom.

WHY NOT? ? ? ? ? CAMERON!!

Sincerely yours,
Edwin A. Bigbee
Native Cameronite

UIL Lists 1971 Teams

The University Interscholastic League in Austin has released the 1971 tentative football list, again placing Cameron in District 20AA.

Other teams in the district include Westlake, Caldwell, Elgin, Georgetown, and Round Rock. Classification changes included Calvert, which moved from 21B to 24A following school consolidation.

Use Caution In Running Trotlines

Running a trotline is more dangerous than it looks.

Texas Parks and Wildlife Department's Water Safety Services reminds fishermen that 15 persons drowned last year while attempting to run trotlines, and in most cases carelessness was a factor in the tragedies.

In all but two of the drownings, the trotliners fell from boats while trying to manipulate the lines.

Shifting winds, waves and the inherent unsteadiness of some types of boats all make it a good idea to wear an approved life-saving device while running trotlines.

It's a good idea to avoid trotlining in bad weather, and it's also recommended to have a partner along to help control the boat when the lines are run.

And when you are through using the line, remove it from the water. Each year fatalities occur when innocent swimmers become hooked or entangled in abandoned trotlines.

Housing Starts Encouraging

Congratulations are in order to Farm Home Administration efforts in Milam County for increasing housing in the county and to businessman Bill McIntosh for starting a new apartment development here.

When \$415,960 in housing is put into a county, it is enabling a turn around of emigration from a county that has been losing population, like all Texas rural counties, for 40 years.

Mr. McIntosh's forging ahead with an apartment complex at this time shows confidence in Cameron's future and answers a critical need for rental housing.

These developments follow

contributions by other property owners who, in spite of costs, are helping meet this community need.

The past decade has been difficult for communities outside of metropolitan areas, but the 1970's should be the decade of the established small city, like Cameron, considering the major problems of city and suburb.

We are adjacent to the new Bell County metropolitan area and one county away from the Waco metro area, a location of growing advantage to Cameron.

Builders who "take the giant step" now encourage continuing the growth which Cameron needs and works toward

And More Quickly ...

The Herald, received a long letter from Edwin A. Bigbee of Cameron, this week, too long for publication in full, but its intent attacks apathy in community development.

Community apathy here is similar to the apathy of voters about political races this year--the public is preoccupied with inflation, high taxes, uncertain moods in several directions.

He points out that clean up of the community could be accomplished by existing laws, controlling the obvious eye sores of junk yards, weeds, old buildings. He urges city and county government to implement present ordinances to control and stop the various elements of disarray around the Cameron area.

His points are well taken. It is likely the slow pace of downtown urban renewal that tempers our community improvement pace. When the downtown area is, in fact, cleaned up and modernized, it should galvanize all the efforts Mr. Bigbee points out that need to be developed.

Patience runs thin at times awaiting improvement of what

so obviously needs to be cleaned up, torn down or beautified.

He notes use of a defense against concern for getting some things done right away, the fact that Cameron dates from 1846 and that old communities take their time about doing things Cameron has been about during most of the 1960's.

His letter is another encouragement to take a broad view, for instance, considering use of an industrial site adjacent to Cameron Airpark for a fair grounds, an exhibit hall and site for Cameron's Folk Fete.

He urges, as we have urged, action on all fronts, particularly in implementing existing means to clean up Cameron.

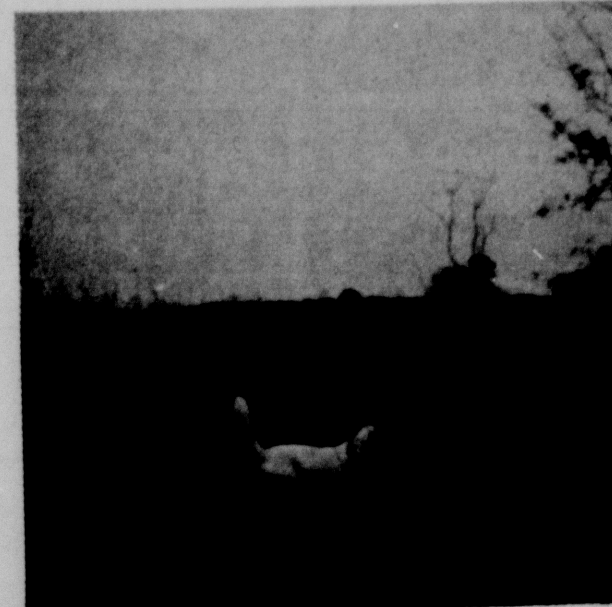

We urge support for additional funding for the Cameron Industrial Foundation, support of United Fund and support for City and County action on measures which they are empowered to do.

If citizens take Mr. Bigbee's active interest in community affairs, these things will occur. And more quickly.

CAMERON'S PARADE OF SPORTS

HERE IS MISSY, at left, honoring the other dog's point. There is nothing as beautiful as one dog honoring another's point, Missy belongs to Tommy Corley.

THIS BEAUTIFUL SETTER belongs to Bill Harris. A thrill and a pleasure to hunt over.

DON'T FORGET NOVEMBER 14 - There seems to be quite a few quail in the Cameron area this year, though some may be small due to late hatches in some localities. Parks & Wildlife Department officials say it's OK to take the dogs out for conditioning runs, but don't shoot the birds till the season opens. Good luck and good hunting to our quail hunting friends.

Delegates will attend seminars on drugs, culture and ethics, law enforcement, ecology and foreign relations.

Unicef Gets Boost From Youth

"Trick or Treat" is a Halloween tradition almost as old as this nation, but in recent years Halloween has taken on a new meaning in Cameron, as well as in more than 13,000 other communities.

Since 1950, when one small group of Pennsylvania youngsters collected \$17 and turned it over to the United Nations Children's Fund, Trick or Treat for UNICEF has grown to tremendous proportions. Last fall 3 1/2 million children raised \$3 1/4 million in nickels, dimes and quarters for UNICEF.

In Cameron, UNICEF Trick or Treaters will be out on Oct. 29 4:30 to 7 p.m., under the sponsorship of Church Women United. Dressed in a variety of costumes, these ambassadors of international goodwill are planning to visit local homes in small, supervised groups. At the same time, many of their older brothers and sisters who have outgrown their costumes will take part in other activities -- Halloween dances, car washes, and the like.

The UNICEF Trick or Treaters will be identified by their official collection box: a small orange and black carton with the UNICEF symbol of the mother and child. "Only those carrying this particular carton are authorized to collect for UNICEF," said Mrs. Delbert Burlison of Church Women United. High school students interested in participating in the program this year should first have the approval of their parents and should then contact Mrs. Burlison.

The UNICEF Trick or Treat cartons will be distributed at 7:30 p.m. at the Methodist Fellowship Hall. After the collection, dinner will be served at the Methodist Fellowship Hall.

Should the Trick or Treaters not call at your home, you may send your UNICEF Halloween contribution direct to Mrs. Burlison or Mrs. Willie Porubsky. Halloween has been officially designated National UNICEF Day by Presidential Proclamation.

"The money the youngsters collect will be used by UNICEF to assist programs for the world's needy children in over 100 developing countries," said Mrs. Burlison. "The task is enormous, and our help is needed to bring life-saving food and medicine, and an opportunity for education, to millions of deprived children."

"Your help to a child, through UNICEF, may mean the difference between a hopeless future and a chance to live and grow to be a useful citizen."

Local Czech Dancers Perform At Fair

The Czech Beseda Dancers from Cameron were among 200 dancers who performed at the Dallas State Fair Sunday, October 18 in the Coliseum.

Groups from Temple, Ennis, and north Texas communities took part in the dancing during the annual Czech Day at the Fair. After the performance all enjoyed a day at the Fair.

The U.S. is currently producing less than 1 percent of the world production of 3.68 million metric tons. About 60 percent comes from the Soviet Union.

A Tip of Our PIONEER Cap to Nelson Davis

Nelson Davis produced 3,100 pounds of grain sorghum per acre this past year from 500 acres of Pioneer brand hybrid 848.

Mr. Davis farms 600 acres near Sharp. His 848 crop had "too much rain early, not enough late."

Naturally, we're proud that Nelson Davis plants Pioneer brand hybrids year after year. We congratulate him and wish him continued success.

Burlington News TJC Plans 4 Major Projects

By Mrs. Gerald Foshee

Mr. and Mrs. Roy Lee Franklin of Bryan and Mr. and Mrs. George Pool and James of Waco visited Mrs. J. T. Prescott and Jake last Tuesday.

Mr. and Mrs. David Krause and Darren of Victoria and Mr. and Mrs. John Martin of Ennis visited Mr. and Mrs. Phil Krause last weekend.

Mike Martin, son of Mr. and Mrs. John Martin of Ennis, who recently returned from Vietnam visited Mr. and Mrs. Phil Krause two weeks ago.

Mrs. Ella Wendel of Westhoff spent several days last week with her sister, Mr. and Mrs. A. E. Hensel.

Henry, Wesley and Arthur Davenport and Gerald Foshee spent last Wednesday at their dear lease on the August Schmidt ranch near Johnson City.

Mr. and Mrs. Will Stoeber and Mr. and Mrs. Frank Jahn attended the Tri-City Gem and Mineral Display Show at Temple on Saturday Oct. 17.

Mrs. Emil Heugatter of Rosebud entertained the 42 club Tuesday afternoon.

Foy Benesh of Houston visited his mother, Mrs. Hattie Benesh on Sunday and she returned home with him to spend several weeks.

The Leonard Dillenburs, Lisa and Lori of Houston visited her sister, Mr. and Mrs. Phil Krause and attended the Rosebud Homecoming activities at Spring Lake Saturday night.

The Henry Davenports and the Arthur Davenports of Cameron visited the Carlton Parkers of Hewett on Sunday.

The Joe Ralstons and Bobby and the H. G. Taylors of Little River visited the Gerald Fosheas Sunday evening on their way home from spending the weekend at Houston.

Mr. and Mrs. Billy Wayne Marek and Stephanie of Plano spent the weekend with Mrs. Aleta Marek and other relatives and attended the homecoming activities Saturday night.

Jack Small Elected To USO Council

Harvey S. Firestone, Jr., National Chairman of USO, announced today that Jack Small of Cameron has been elected to the USO National Council for a two-year term ending September 30, 1972.

"More than any time since World War II, USO services are needed today by the members of our Armed Forces and are being sought increasingly by military and civic leaders, both in this country and overseas," he said.

Firestone said that Small joins other USO National Council members from all over the world who represent a powerful source of leadership that enables USO to translate its goals on a local level on behalf of the folks back home who remember their sons and daughters who are serving in the Armed Forces.

Your Serviceman — BILLY MUSTON

SAN DIEGO

Navy Seaman Apprentice Billy W. Muston, son of Mr. and Mrs. Frank A. Muston of Rockdale, was graduated from recruit training at the Recruit Training Command, San Diego.

He is a graduate of Rockdale High School.

He has been assigned to Machinery Repairman School, Service School Command, Naval Training Center, San Diego.

AF BAND IN CONCERT

The 539th Air Force Band, one of the U. S. Air Force's largest, will perform in concert at 7:30 p.m. Oct. 30 in Waco Hall on the Baylor University campus. The concert will be free of charge.

Public Sale To Auction State Autos

AUSTIN

Homer A. Foerster, Executive Director of the State Board of Control, announced today that a public auction sale of surplus state automobiles will be held in Dallas October 31. It will be the first auction of state surplus property outside Austin.

"We will offer 75 1967 and 1968 model Department of Public Safety cars for auction," Foerster said. "All have automatic transmissions and power brakes, and the 1968 cars are all factory air conditioned."

The sale will begin at 1 p.m. October 31, at the Big D Auto Auction Company, 6101 West Highway 80, Dallas.

He added that vehicles to be sold will be available for inspection at the sale site beginning at 8 a.m., October 31.

Mrs. Aleta Marek and Mrs. Elo Buegeler visited Mrs. Ronnie Shelton and children in Ben Arnold Monday evening.

Mrs. Bob Wied, Mrs. Elo Buegeler and Mrs. Emil Heugatter visited Mrs. Johanna Wied of Rosebud Friday night.

Mr. and Mrs. Fred Cochran of Rosebud visited Mrs. J. T. Prescott and Jake Monday evening.

Mr. and Mrs. Ervin Stoeber visited Mr. and Mrs. Walter Senkel of Maysfield Sunday evening.

Mr. and Mrs. Thomas Polk, Danell and Donnie visited Mr. and Mrs. Gerald Foshee and William Monday night.

Mr. and Mrs. Herman Dorner Sr. were honored by their children and grandchildren on their 50th wedding anniversary at Burlington Hall Sunday Oct. 18 with a dinner at 11:30 and reception from 2 to 5. About 200 friends and relatives from Ben Arnold, Burlington, Cameron, Rosebud, Temple, San Antonio, Wellington, Kansas, Bryan, Houston, Brenham, Maysfield, Denton and Tyvola.

Major Projects

TEMPLE -- Four major projects on the drawing boards will make major transformations on the Temple Junior College campus in the months ahead.

1. Voters gave their approval this week to a \$1,250,000 bond issue which will finance two new classroom buildings and modernize two others.

2. The Board of Regents has ordered a go-ahead on two new dormitories to be open by the fall semester of 1971.

3. Working with the City of Temple and the college, the Texas Highway Department plans to make important traffic control changes on Highway 190-36, which bisects the 100-acre campus, and to build a pedestrian overpass.

4. A grade separation for the intersection of Loop 363 and Fifth Street, at the southwest corner of the campus, is planned to facilitate traffic movement in that area.

San Gabriel

By Mrs. Ralph Heisch

There will be a very important water information meeting at the San Gabriel Baptist Church Tuesday October 27 at 7:30 p.m. Mr. Henry Ivey FHA agent will be present, and you are urged to attend this meeting.

Weekend guest of Rev. and Mrs. Bob Wimberly and children was Mrs. Wimberly's father, Mr. Gerge Shine of Houston. Sunday visitors of Mr. and Mrs. James Terry were Mr. and Mrs. James A. Smith and Dyanna of Killeen and Mr. and Mrs. David Terry and family of Houston.

Rev. and Mrs. Bob Wimberly and David were in San Antonio Friday on business.

Mr. and Mrs. Leslie Hodge Britt and Clay of Houston were visiting this weekend with her parents, Mr. and Mrs. Allen Conn.

Mrs. Nora Catchings has returned home after an extended stay with her granddaughter and husband, Mr. and Mrs. Scott Troutman of Luling. The Troutman's are the parents of a baby girl born Sept. 15 and weighed 9 lb. 11 oz. named Pamela

Joye.

Recent visitors of Mr. and Mrs. R. M. Shavers were their daughter and husband, Mr. and Mrs. Erwin Mieske of Austin and Mrs. Marie Wilson of Cameron and her son Calvin Wilson, who is in the armed forces.

Mr. and Mrs. Paul Mitchell and Paul Alan of Hearne spent last weekend with her parents, Mr. and Mrs. Buck Garner.

Mr. and Mrs. Billie Clark and boys of Houston spent the weekend with their parents and grandparents, Mrs. Hazel Clark and Mr. Paul Graves of Sharp.

Mr. and Mrs. Hugh McMillan are visiting Mr. and Mrs. W. B. Raney of Pearland, this week, and are planning to do some fishing while down in that part of the country.

Democratic Chairman Outlines Vote

Votes cast Tuesday, Nov. 3 will do more for Milam County than just decide the local winners in the general election, according to Milam County Democratic Chairman C. R. Law.

"The votes cast on Tuesday, November 3 in the governor's race -- by law -- will decide how many votes each precinct will have at our next county convention," Law said, "and our county total will determine how many votes Milam County will cast at the state convention in June, 1972, when Texas elects national convention delegates."

"If we sit at home on Tuesday, we might find ourselves sitting on the sidelines in 1972," he added.

Law said a big voter turnout and "thus a great voice for Milam County" in the political activities of 1972 is being pushed by the State Democratic Executive Committee with its "Star of Texas" awards program.

The committee will present awards to the state's top counties -- those having the highest

percentage of Democratic votes in the governor's race compared to the total number of registered voters in each county.

There are ten different population brackets and Milam County is participating against counties of similar size, Law noted.

"Absentee voting ends Friday and I urge everyone who is going to be away on election day -- or those who are too ill to go to the polls in person -- to check with our County Clerk before then so their votes will not be lost," Law said.

You Don't Say ...

BRAVADO correctly if you are pronouncing it BRAH vuh doe. BRAVADO (bruh VAH doe) is correct and means, of course, a feat of bravery -- boastful defiance.

BRAVADO is often used to cover up ignorance in many things -- including English! Copr. by Adria Allen.

New York World's Fair dinosaurs have been donated by Sinclair (Atlantic Richfield) to Dinosaur Valley State Scenic Park at Glen Rose.

Run The Dogs, But Don't Shoot Birds

Bird hunters about this time of year are getting the itch to run their dogs in order to train them

for the upcoming quail season. Bob Cross, law enforcement coordinator for the Texas Parks and Wildlife Department, says dogs can be run any time of the year as long as no effort is made to shoot the quail. Pen-reared quail, purchased

from licensed game breeders, may be used in training dogs, but these birds may not be shot. Once they are released the quail gain the same status of wild birds and cannot be shot during the closed season or retrained at any time.

Introducing The New Man Made Grain...

Triticale

Large Heads Of Triticale Offer A New High In Grain Production Never Before Thought Possible

Triticale Is A Rye-Wheat Genetic Cross. Triticale May Be Grazed As A Small Grain But The Grain Is Fed To Cattle As A Feed Grain Such As Sorghum. Triticale May Be Planted From Oct. To Feb. And Is Managed And Grown The Same As Wheat. Triticale Is Winter Hardy

Triticale Averages 16% Protein And 14% Digestible Protein Come In To-Day And Let Us Tell You More About This New Miracle Grain! Mr. Farmer... ASCS Considers Triticale A Feed Grain--But Not Covered By The Program Plant All You Want.

Herrington Cruises So. America For Navy

Sonar Technician (Submarine) Third Class Donald W. Herrington, 19, son of Mr. and Mrs. W. W. Herrington of Cameron, is presently circling South America aboard the submarine USS Pickrel during Unitas XI operations.

Unitas is a combined naval exercise involving the United States and the major maritime nations of South America. Participating navies conduct training in anti-submarine and anti-aircraft warfare in the Atlantic, Pacific and Caribbean.

Herrington has already visited major ports in Venezuela, Brazil and Argentina. During the remainder of the four month cruise, which began August 1 in San Juan, Puerto Rico, he will visit Peru, Ecuador and Colombia.

Herrington, who attended high school in Cameron, entered the Navy in 1968 and reported aboard the Pickrel, which is homeported in Charleston, S.C., in July, 1970.

As a sonar technician, Herrington is responsible for operating highly sophisticated sonar equipment and associated systems for the detection of enemy shipping.

After completing his 25,000 mile voyage, he will return to Charleston in mid-December.

Buckholts Girls Score Two Wins

Buckholts girls scored two wins Thursday night over Bartlett with a 46-40 score for the A-team and a 23-18 victory in the B-team game.

It marked two consecutive wins for the Buckholts A team and gave the B team a 1-1 record. Becky Beckhosen topped scoring for the A-team with 28 points to her credit. Debra Janke was high scorer for Bartlett with 17 points.

Sharing scoring honors in the B-team game were Marsha Barbemeyer of Buckholts and Kitty Bunker of Bartlett with 12 points each.

More than two million hunting and fishing licenses are being shipped to local distributors this week for fiscal 1970-71, reports Parks and Wildlife Commission.

Football

Continued from page 1.

Freshmen 20, 6' town 12

Yoe freshmen upped their season record to 5-1 Thursday night as they downed Georgetown 20-12 at Yoe Field.

The Yoe fish played an aerial game for the first half, scoring twice on passes tossed by John Barron.

Yoe took an early lead when Craig Friemel received a 13 yard touchdown pass from quarterback Barron. The extra point attempt failed and Yoe led 6-0.

Georgetown then came from behind to tie 6-6 with the team they defeated last year as eighth graders.

David Hollas put Yoe ahead to stay as he rambled 10 yards with another Barron pass. Barron also hit Hollas for the extra points and Yoe led 14-6 at the half.

Georgetown again came back and scored, moving within two points of the lead.

Hollas clinched the victory for Yoe when he ran 5 yards for a final touchdown.

The freshmen are undefeated in district play with a 2-0 record.

Georgetown 36, JV8

Stanley Rosemond broke 45 yards for Yoe junior varsity's lone touchdown Thursday night in a 36-8 loss to Georgetown.

Glenn Cummings passed to David Hornung for the extra points and that was it for the Yoe JV.

Georgetown scored on runs of 28, 7, 3, 27, and 15 yards.

The JV is now 1-1 in district competition.

A weekly public service feature from the Texas State Department of Health

Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

Pollution of the air is perhaps the most serious of all the dangers our advanced civilization has created.

We can purify our water before we drink it, and we can detect and remove contaminated foods. We can restore the polluted landscape. But we must breathe the air as it comes to us, polluted or not.

During the week of October 25-31, Texans -- like Americans throughout the nation -- will be observing the 1970 version of "Cleaner Air Week." The Texas State Department of Health's Air Pollution Control Division will be concentrating much of its attention on the formation of "Cleaner Air Week" commitments across the state.

The objective of "Cleaner Air Week" is three-fold: to create better understanding of community, state and regional problems related to the protection of the nation's fresh air supply; to promote cooperative effort by everyone toward the solution of such problems; and to encourage individuals and groups to play major roles in coordinated control efforts, particularly at the community level.

During the special week, Texans will be focusing on the problem of pollution. Air pollution causes, its consequences and cures will be brought before the public.

Air pollution has been traced as a definite contributor to such health problems as emphysema, bronchitis, lung cancer, colds, pneumonia and bronchial asthma.

The economic loss from air pollution has been estimated at more than \$60 per year for each man, woman and child. Crop damage, corrosion, cleaning bills, wasted fuel, accidents from reduced visibility -- these known effects keep mounting.

Air pollution is a "mix" -- compounded from exhausts of millions of automobiles, emissions from power plants and industries, effluent from incinerators and heating plants, smoke from backyard trash fires and municipal rubbish dumps.

To meet our challenge in this state, the Clean Air Act of Texas was passed by the Legislature in 1965. A Texas Air Control Board was created the following year. The State Health Department, in carrying out the Board's air control program, has the authority to file law suits and seek injunctions against offenders of its regulations.

Obituaries

L. C. Boyd G. Lyles

L. C. Boyd, 82, of Cameron died at 11:05 p.m. Tuesday in a Rosebud hospital after a long illness.

Mr. Boyd was born December 11, 1887 in Milam County. He was a retired rancher and farmer.

Funeral service was held at 2 p.m. Friday in the chapel of Marek - Burns - Laywell Funeral Home, the Rev. J. E. Laferty and the Rev. Eugene Marley officiating. Burial was in Walker's Creek Cemetery.

Surviving are his wife, Mrs. Mary Boyd; a daughter, Mrs. C. O. Angell of Cameron; a sister, Mrs. Elwood Chamberlain of Cameron; three grandchildren and seven great grandchildren. Pallbearers were Clifford Angell, Narvie Caperton, Kenneth Thweatt, Valter White, Carl Black, Albert Noak, Jim Camp, and Troy Mode.

Honorary pallbearers were A. L. Freeman, Mozie Borden, Luther Parks, Hilliard Thomas, Lester Williams, John Henderson Sr., Pat Delahunty, Aubrey Hightower, Ollie Mode, Charlie Wooster, Vince Leskar, Vaughn Thweatt, H. H. Chamberlain, Dr. H. B. Halbert, Lee Ray McAttee, and the board of directors of the REA.

Gilbert Lyles, 71, of Route 3 Cameron died in a local nursing home at 2:30 p.m. Wednesday.

Mr. Lyles was born in Lee County March 16, 1899, and was a retired farmer.

Funeral service was held at 2 p.m. Saturday in the chapel of Marek-Burns-Laywell Funeral Home, the Rev. H. M. Bowley officiating. Burial was in Lexington Cemetery.

Surviving are two sons, Buddy Lyles of Houston and Leland Lyles of Temple; six daughters, Mrs. Myrtle Pitchford of Chillicothe, Mrs. Alice Mieth of Hearne, Mrs. Margaret Marshall of Houston, Mrs. Althea Pratt, Mrs. Louise Pevhouse, and Mrs. Twilight Shesler, all of Cameron; two brothers, Richard Lyles of Giddings, Oliver Lyles of Washington, D. C.; two sisters, Mrs. Dora Hooper of Giddings, Mrs. Ida Bolton of Houston; 38 grandchildren and seven great grandchildren.

Mrs. Houpt

Mrs. L. D. Houpt, 86, of Rosebud died Thursday morning in a Rosebud hospital after a long illness.

Mrs. Houpt was a native of Mississippi and had lived in Rosebud hospital after a long illness.

Mrs. Houpt was a native of Rosebud since 1901.

Funeral service was at 4 p.m. Friday at Hoelscher Funeral Home chapel in Rosebud, the Rev. Eugene Marley and Minister Charles Lindley officiating. Burial was in Woodland Cemetery in Rosebud.

She is survived by three sons, Winston Houpt of Houston, Ozler Houpt of Midland and Hilton Houpt of Rosebud; a daughter, Mrs. Earl Mostyn of Houston; six grandchildren and eleven great grandchildren.

Oscar Mabe

Oscar Mabe, 66, of Gause, died Wednesday in a Hearne hospital after a long illness. He was a native of Gause.

Funeral service was at 10:30 a.m. Friday at the Gause Baptist Church, with burial in the Gause cemetery.

He is survived by a son, David M. Mabe of Kingsville; his mother, Mrs. L. E. Mabe of Baytown; three brothers, Edgar, Travis and Lonzo Mabe all of Baytown; five sisters, Mrs. Dannie Lagrone of Milano; Mrs. Lacy Evans, Mrs. Velma Jackson and Miss Hortius Mabe, all of Baytown, and Mrs. Pauline Varina of Houston; four grandchildren and one great grandchild.
